

TEACH FOR NATURE FELLOWSHIP

**Be a Nature Educator!
Inspire Climate Action
in children!**

Join this empowering fellowship that will enable you to:

- **Help children learn with head, heart and hands about Nature and Climate Action.**
- **Support schools and children to become part of the solution.**

The Teach for Nature (TFN) Fellowship

The Teach for Nature Fellowship aims to address this by providing children with essential opportunities:

 Connect with Nature and understand its principles.

 Engage in climate action and sustainable living.

 Prepare for careers aligned with sustainable practices.

Make a difference in the lives of children by building their connect with nature and enabling them to care for the planet! As we witness the world grappling with various crises from climate change to social unrest, it is evident that our disconnect from Nature plays a significant role in the current state of affairs. We believe that every child deserves to learn more about Nature, about what is happening to our planet Earth and how they can act today to change the future.

Who Can Be a Teach for Nature Fellow?

You'll love this fellowship if you are:

- An adventurer at heart seeking meaningful impact.
- Passionate about environmental education and enjoy working with children.
- A graduate with strong communication skills in English and preferably another Indian language.
- Interested in engaging schools and networking with resources for support.
- Keen learner who values self-initiated work.

Please Note: The age limit is flexible, but those between 20 and 35 years of age will be preferred.

Details of the 10-week Orientation Programme:

With the above objectives in mind, the 10-week orientation programme will include the following:

- Learning about the 25 session Climate Action and Nature (CAN) syllabus for classes 6/7.
- Understanding methods of learning, teaching and facilitation.
- Understanding the personal transformation needed to be a Nature Educator.
- Learning about the importance of Field Trips, Learning Partnerships and Community Interaction.
- Learning to use books, magazines and videos effectively.

What Does the Teach for Nature Fellowship Involve?

1. **10-Week Orientation Programme:** Starting May 20th, 2024, embark on a transformative journey at the Bhoomi Campus. The orientation programme is free, with a nominal refundable deposit.
2. **8-month Work Placement:** Become a Nature educator in 6th/7th grade in select schools from August 1st, 2024 to March 31st, 2025. Receive a stipend and ongoing support.
3. **Weekly Mentoring:** Benefit from online or in-person mentoring to enhance your skills and learning experience
4. **Continued Impact:** Extend your journey beyond the Fellowship by continuing as a Nature educator in subsequent years.

Structure of the Orientation Programme:

The TFN Fellows will be given a kit that includes the detailed syllabus, sample lesson plans, a book and reading material and links to videos, etc.

The Venue for the Orientation Programme - Bhoomi Campus, Bangalore

Experience our beautiful 3-acre campus nestled off Sarjapur Road in Bangalore. Enjoy eco-friendly buildings, an organic garden, and a serene environment. Hostel facilities are available for outstation candidates.
