Teach for Nature Fellowship (TFN)

We believe that

every child has the right to connect with Nature.

when children develop a deep love for Nature, they are inspired to take care of Nature.

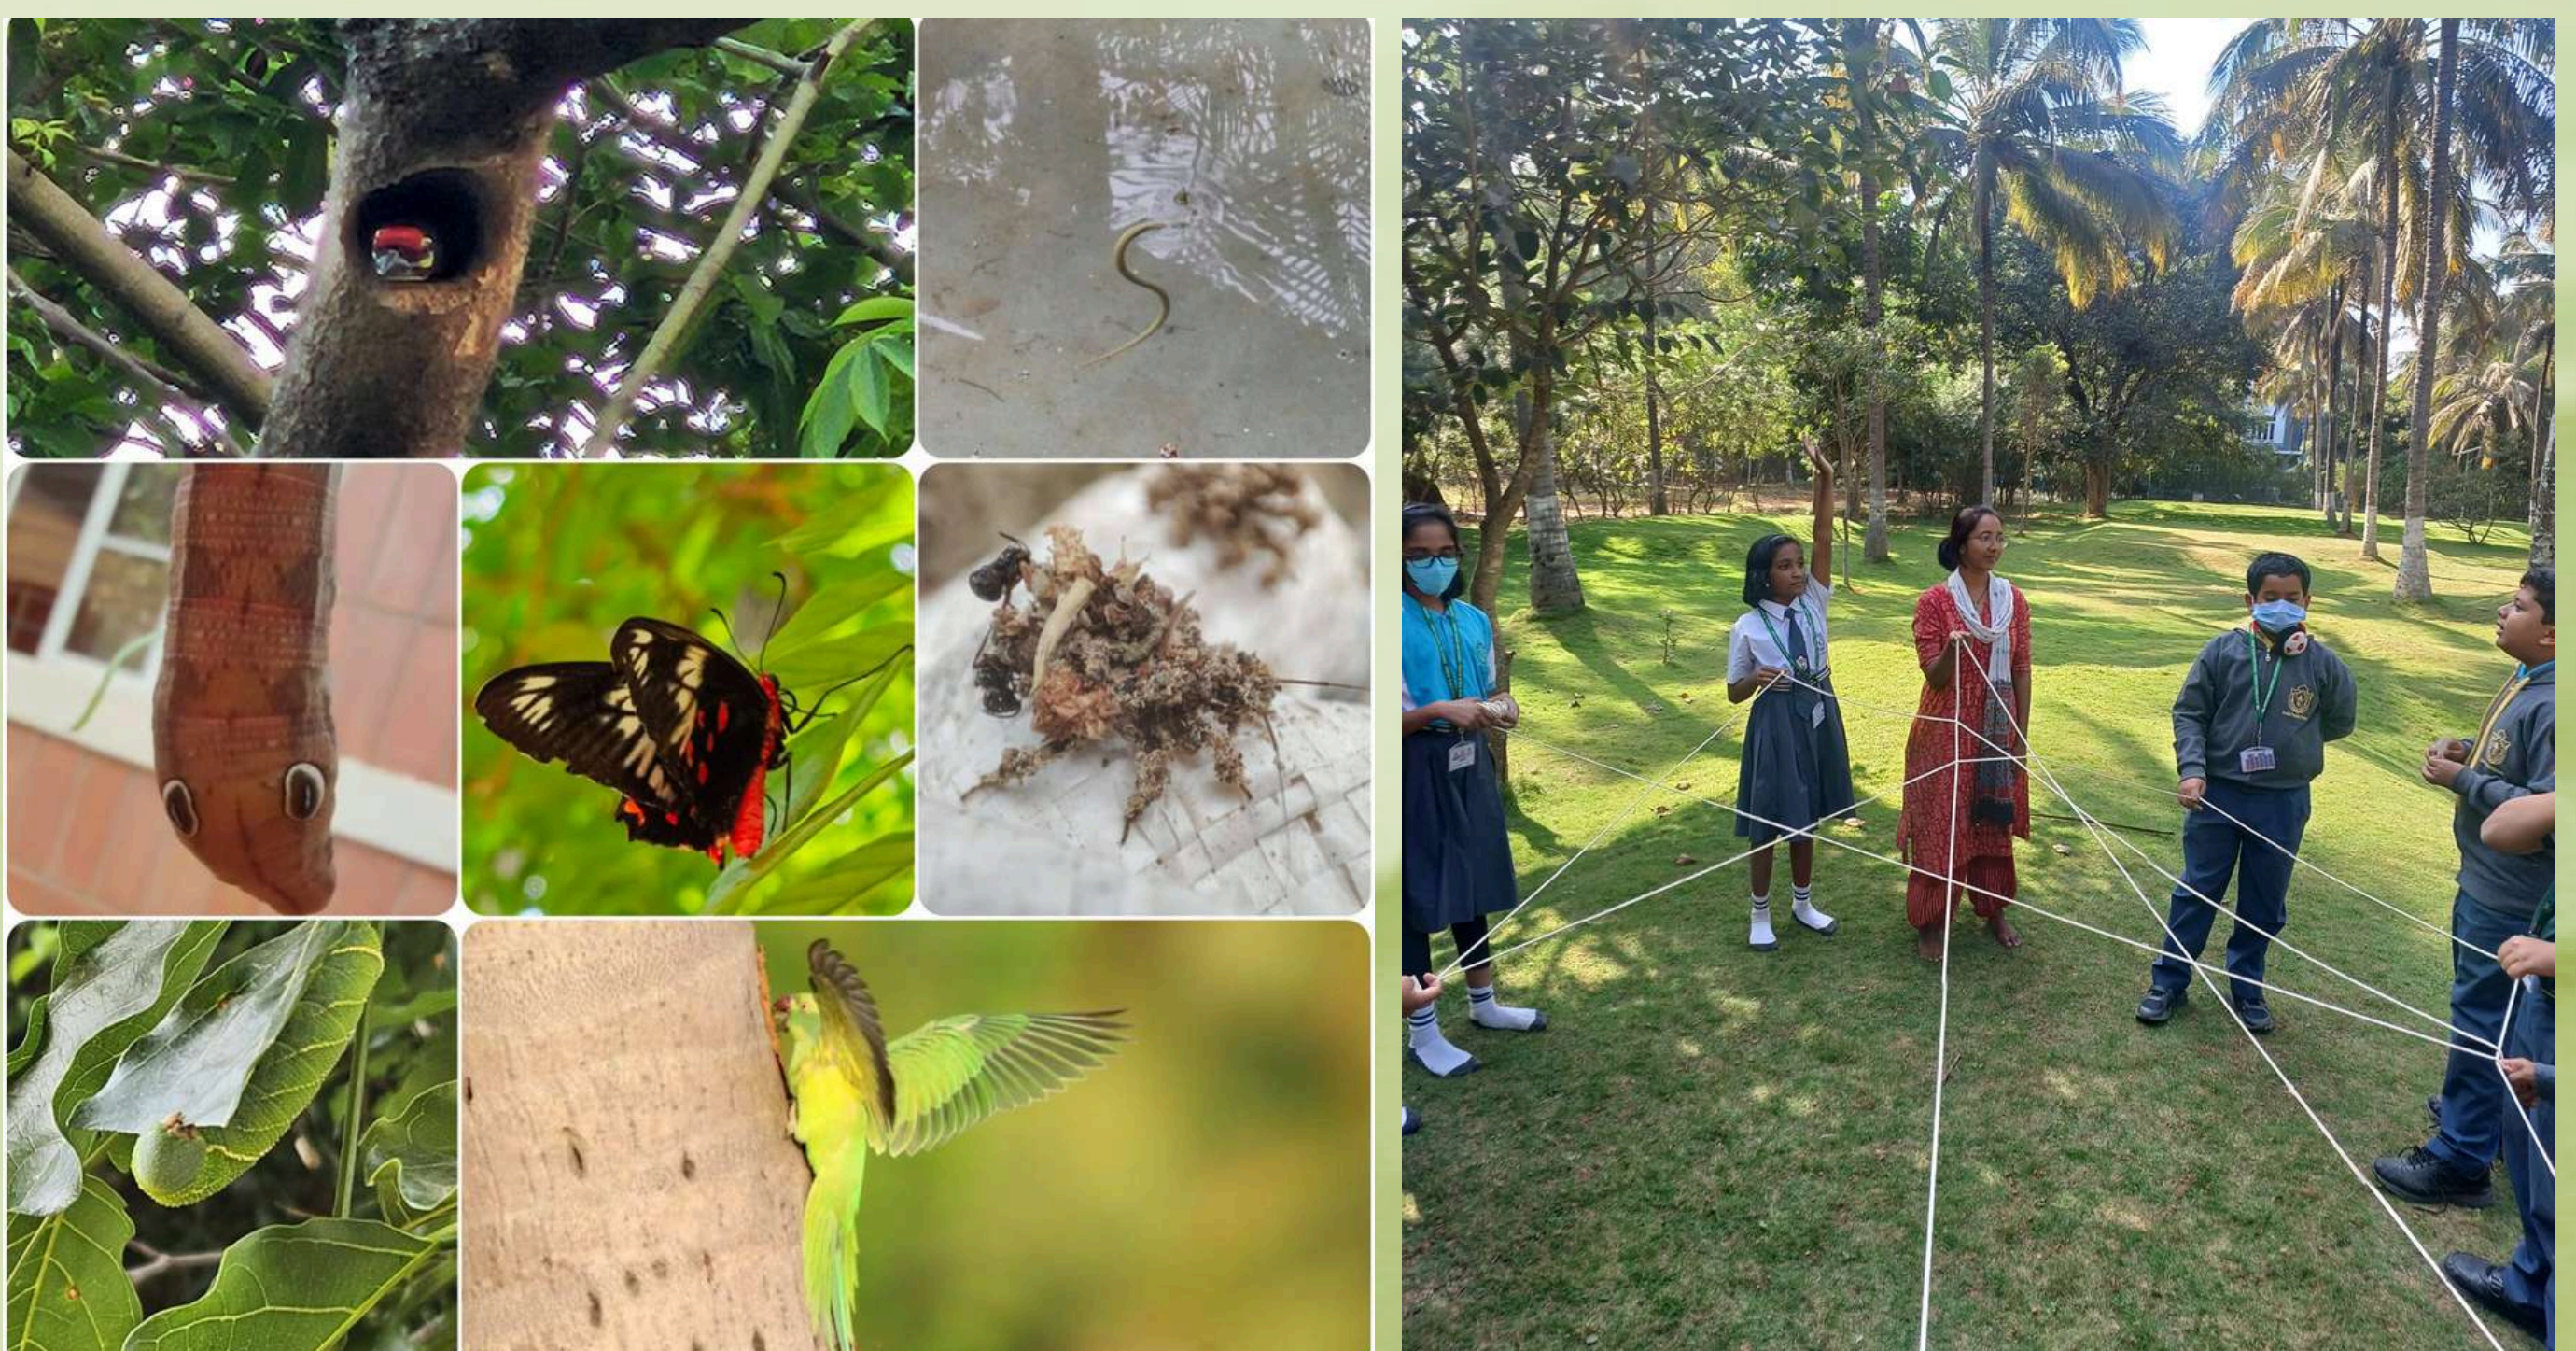

schools and teachers can play a crucial role in fostering connection between children and the Natural world.

Most schools face challenges such as

- limited resources
- pressure to complete the curriculum
- lack of green spaces
- trained teachers for Nature based learning etc.

Hence, Bhoomi launched the TFN Fellowship in 2024 to train individuals as Nature Educators, empowering them to work with children in schools and nurture the vital connection with Nature.

Who Can Be a TFN Fellow?

- Someone passionate about environmental education and excited to work with children.
- An adventurer at heart, adaptable in disposition, driven by a desire to create meaningful impact.
- A keen learner who values self-initiated work and peer learning.
- A graduate with strong communication skills in English, and preferably Kannada and/or Hindi.
- Someone interested in collaborating with schools and networking with resources for support.

Please Note:

- The age limit is flexible, but those between 20 and 35 years of age will be preferred.
- Individuals, schools, or organisations interested in attending only the training may apply. In such cases, monthly stipend and mentoring support will not be provided. Participants will be required to pay the applicable fee.

What Does the Teach for Nature Fellowship Involve?

- **3.5-month Residential Training Program:** begins on 1st March, 2027 and ends mid June, 2028. It is an intensive and immersive learning experience with experienced practitioners.
- **8-month Work Engagement:** Upon successful completion of training program, selected candidates will work in schools to work as Nature Educators from 1st July, 2027 to 29th February, 2028. Fellows stationed in Bengaluru will receive a stipend of INR 30,000/ month, Outstation Fellows, will have part time engagement only, and are expected to find schools in their regions. They will receive a stipend of INR 15,000/ month.
- **Weekly Mentoring:** Supporting personal growth and enriching learning journey beyond skills.

Objective of the Training Program

To train fellows and equip them to create impactful and memorable educational experiences that inspire young minds.

Fellows will

- develop effective teaching, learning, and facilitation methods.
- explore personal growth and transformation required to become a Nature Educator.
- understand the significance of learning partnerships, field trips, and community engagement.

During the training program fellows will explore and engage with the following themes

- Nature in their surroundings
- Teaching Learning methodologies
- Sustainable Food and Health Practices
- Water
- Waste
- Climate Change and Climate Action
- Interconnectedness and Critical Thinking
- Art based Activities & more ...

Are you ready to make a difference?

The selection process includes:

- preliminary call
- first round of online interview
- second round of in-person interview at the Bhoomi campus, Bengaluru which will include GD, micro teaching and more.

Venue for the 3.5-month Residential Training Program

Located off Sarjapur Road, Bengaluru, the Bhoomi campus is a vibrant ecosystem with an organic vegetable and fruit garden, diverse trees, insects and birdlife thriving across the space.

Come experience the charm of our 3-acre campus, with its peaceful environment, and thoughtfully designed eco-friendly buildings.
